

ABA's 36th Annual Forum on Franchising

10/16/2013 - 10/18/2013

Gray Plant Mooty attorneys will present at the upcoming 36th Annual Forum on Franchising, "Franchising in Full Animation," presented by the ABA Forum on Franchising on October 16-18, 2013, in Orlando, Florida. Every year in October, the Forum on Franchising offers a three day legal conference featuring educational programs and collegial social events, where attendees network with familiar and new franchise bar colleagues, clients, and friends.

Mike Gray will be presenting the Annual Developments on Friday, October 18. This is the Forum's signature event and will feature a thoughtful, comprehensive, and lively review of the year's key judicial and legislative developments affecting franchising and distribution.

John Fitzgerald will be presenting "Location-Location-Location: The Lease Triangle in Franchising," on Thursday, October 17. This program will address the sometimes competing interests of the franchisor, the franchisee, and the landlord in the development of a franchise location.

For more information, please view the [ABA Forum on Franchising brochure](#).

Location:
Orlando, FL
