

InSites Build 2014 Conference

September 22-24, 2014

Gray Plant Mooty is proud to sponsor the **InSites Build 2014 Conference** in Fargo, ND. So much is being said about working smarter, not harder, but figuring out how to get the biggest bang for your process improvement buck might be the hardest thing of all. Come to InSites Build 2014 to learn from other healthcare leaders who are paving the way in Operational Intelligence, driving major improvements in patient and staff experience while saving money.

Intelligent InSites helps healthcare organizations reduce costs and improve care by transforming automatically-collected data into actionable insights. Through its interoperable, hardware-agnostic, healthcare real-time location system (RTLS) software platform, Intelligent InSites gathers data from real-time location, condition sensing, and other systems. It then delivers meaningful information to the right person, at the right time, on the right device. Intelligent InSites' customers gain enterprise-wide visibility and are able to impact continuous process improvements, resulting in remarkable financial and quality of care outcomes.
